About the Data

Purpose: Analyse sales trends, product performance and highest-value customers.

Dataset: UCI Online Retail — 541,909 transaction lines from 1 December 2010 to 9 December 2011. Prices are in GBP (£).

Sales definitions: Gross Sales Value includes positive quantities and prices, excluding cancellation invoices and bad-debt adjustments. Sales After Cancellations subtracts cancellation value from gross sales.

Customer coverage: 135,080 transaction lines (24.93%) have no CustomerID. These remain in overall sales analysis but are excluded from customer rankings.

Limitations: December 2011 is incomplete. Product rankings use descriptions and exclude POSTAGE, DOTCOM POSTAGE and Manual. Other operational entries may remain. Sales After Cancellations is not a profit measure.
